Subject: Potential Protest

Good Morning,

Please see the report (Below) from my intelligence team.

**Subject:** JVP DC Activity

The intention of this email is to highlight the recent activity of JVP's Washington DC Chapter.

Occupation Free DC is a campaign by the Washington DC Chapter of Jewish Voice for Peace. It is basically JVP's Deadly Exchange campaign re-branded to be specific to Washington DC's Metropolitan Police Department.

On their website, <https://occupationfreedc.org/> their short mission statement reads:

**The Occupation Free DC campaign aims to end DC Metropolitan Police Department (MPD) participation in US-Israeli "counter-terrorism" police exchanges. Real safety means investing in our community, not in biased police trainings.**

According to the JVP DC Facebook page, they held an organizing meeting on **Wednesday May 2<sup>nd</sup>**.

<https://www.facebook.com/events/675836565919961/>

They took the measure of withholding the address for this meeting, only saying that it is in the Pentworth neighborhood of Washington DC. They stated that the address would be provided once they receive an RSVP email to [info@occupationfreedc.org](mailto:info@occupationfreedc.org)

The guest list is publicly available. According to that list, 20 people attended this meeting.

I am currently signed up to receive email alerts for Occupation Free DC. I will continue to monitor this email account for updates. However, given that they took the measure of requiring an email RSVP before releasing the address of their meeting, it is likely that they would keep plans of a protest within the circle of people who attended that meeting.
